Subject: Issue - Incident Reporting - Incorrect Pathology Event Type

Message:

Hi Team,

A user reported an issue in the Incident Reporting module.

Center: Test Center
Module: Incident Reporting

Description:
The "TYPE" field for "Other Pathology Related Event" is displaying the value "PATHOLGY" instead of "PATHOLOGY".

Expected Result:
The event type should be displayed as "PATHOLOGY".

Actual Result:
The system displays "PATHOLGY".

Please review and correct the spelling.

Thanks
